Attention is invited to the items under Motor Vehicle License Expense, shown as expenditure for Number Plates and Badges: During the calendar year which this report covers, there was paid $6,727.13 for plates for 1921, and $7,543.32 for 1922 plates.

In making comparison in expenditures for Stationery and Supplies, shown under Motor Vehicle License Expense, July 1st to December 31st, 1920, and same period, 1921, it should be noted that all Stationery and forms for the year 1922 have been furnished to the County Assessors in compliance with amendment to the Motor Vehicle Law, as passed by the Fifth Legislature, 1921, and paid for in the year ending December 31st, 1921.

In reference to the expenditure of $500.00, which is shown under contingent expense, as counsel fees, I beg to advise that the above amount was paid to attorneys who defended my action in regard to the referendum brought against Section 4, of House Bill 83, Fifth Arizona Legislature, 1921.

The referendum above mentioned was filed in this office, the same containing signatures to the number of 6229. As no objection was made to my receiving for filing this petition, and as the parties filing same had complied with the law regarding the filing of referendum petitions, I believed that this referendum would prevent the holding of the Special Election as called for in Section 4, of House Bill 83, which section was the subject of the petition.

Wishing all the information possible bearing on this point, I requested an opinion from the Attorney General, who held the referendum filed against House Bill 83 to be inoperative, and that the Special Election called for in said bill should be called according thereto. As I could find nothing in his opinion as to why I should not obey the constitutional mandates, and submit the referendum against Section 4, of House Bill 83, to the people at the next General Election, I wrote the Attorney General accordingly.

Several months later I was served with an alternative writ of mandamus requiring me to either proceed with the calling of the Special Election or to show cause why I had not.

The Attorney General informed me that he could not defend my actions in this case, owing to his opinion being contrary to the views I held and the action I had taken. For this reason, it was either necessary for me to employ counsel to assist me in defending my actions, which would result in saving the expense of a Special Election, a low estimate of the cost of such being $75,000.00, or let the case go by default. I engaged counsel, who presented my views to the Supreme Court, which held, in effect, that my opinion and actions in regard to the refereudum were correct, and the writ of mandamus asked for denied.

OFFICIAL ACTS OF THE GOVERNOR

(Correction of Error)

In Report of Secretary of State, Mit Simms, for period July 1, 1919 to June 30, 1920, page 24, under title, "Official Acts of the Governor": lines 4 and 5 reading as follows: "has commuted 4 death penalty sentences"; should be corrected to read: "has commuted 1 death penalty sentence."

The records of this Department, kept in accordance with the provisions of Subdivision 2, Paragraph 57, Chapter VII, Title I, Civil Code, Revised Statutes, 1913, show that the Governor has, upon recommendation of the Board of Pardons and Paroles, granted 10 restorations to citizenship, 1 pardon, 163 paroles. He has issued 19 holiday and other proclamations, has honored 23 requisitions from governors of other states for prisoners held in this State; and has issued 21 extraditions for prisoners held in other states, and wanted for crimes committed in this State; has issued 401 Notarial Commissions, 2 Commissioners of Deeds, and made 68 executive appointments.

DENTAL LICENSES

At the examination given by the State Board of Dental Examiners held June 22, 1921, there were eleven applicants, two of whom were given second examination in accordance with the dental law, the entrance fee having been paid at the time of the first examination. Five of the applicants made the required grade. At the examination held November 14th, 1921, there were five applicants, two of whom were given second examination in accordance with the dental law, the entrance fee having been paid at the time of the first examination. Three of the applicants made the required grade. Upon recommendation of the Board of Dental Examiners, the eight applicants who made the required grade were given licenses to practice dentistry in this State.

BROKER'S LICENSES

This Department issues licenses to Brokers for the buying and selling of stocks on commission.

There were eight licenses issued for the fiscal year, July 1, 1921, to June 30, 1922, at $200.00 each; one for the last half of fiscal year ending June 30, 1921, at $100.00; and two for last quarter of fiscal year ending June 30, 1921, at $50.00 each, a total of $1,800.00 received.

I heartily concur in the recommendation of my predecessor in regard to the collection of Brokers' Licenses. All permits for the sale of stocks of various kinds are by law under the supervision of the Corporation Commission. It would seem that much confusion could be eliminated by having the issuing of Brokers' Licenses also come under their supervision.

MOTOR VEHICLE LICENSE DEPARTMENT

I would recommend that the Motor Vehicle Law be amended, and suggest the following for the benefit of the next Legislature:

That, as has been suggested by both my predecessors, the Chauffeur's License either be abolished, or an examination, both practical and technical, be provided by law. At present the license means nothing, except that the holder has paid the State five dollars for a badge, and the public is in no way protected from inefficient or careless driving. I believe the provision, as adopted by a great many states, of requiring an operator's license for the driver of every car, with the proviso that the operator's license be revoked for incompetent driving or other violation of the Motor Vehicle Law, is preferable to the Chauffeur's License as required by the present law.

That a fee of 25 cents be charged for transfer of motorcycle registration,—there being no fee provided in the present law.

That, also as suggested by my predecessor in office, this office be authorized to employ two deputies whose duties would be the state-wide enforcement of the Motor Vehicle Law, which is being violated in every county of the state. Taxes and license fees are being evaded, and the lives and property of citizens endangered by reckless violation of speed and headlight laws, the enforcement of which seems impossible, or impracticable, by local officials. The expense of these two Motor Vehicle Law Enforcement Officers could be more than defrayed by turning into the State Treasury one-half of all fines imposed upon violators apprehended by such officers.

The Motor Vehicle Law should also provide a limit to the weight and load of trucks if we wish to preserve our paved roads.

I believe the necessity of a Uniform Motor Vehicle Law is evident to anyone who has given thought or consideration to the motor vehicle problem, and it is a matter which should be considered carefully by our next Session of the Legislature.
